The U. S. S. destroyer Shaw, one of the warships Japan announced had been "destroyed" at Pearl Harbor, is pictured as it arrived at a west coast port from Hawaii fitted with an emergency bow and bridge. Naval engineers stated that because advance preparation had been made, permanent repairs on the vessel can be started immediately and the vessel should be ready for action against the Japs within a few weeks.

U. S. BOMBERS READY TO FLY

Australian Fighters Also With Expeditionary Forces

(By Associated Press)

BATAVIA, N. E. I., Feb. 19.—Expeditionary forces of the United Nations, including a "relatively small number of Americans"—both ground troops and bomber and fighter pilots from the United States—have arrived in Java to help defend this island stronghold against the inevitable Japanese assault, it was announced today.

The combined expeditionary forces, known previously as the United States Army Air Corps, were said to include "a few" bombers and fighters, but "no means large enough yet" but "their arrival serves as an indication that the Netherlands Indies do not fight alone."

While Dutch forces fought stubbornly delaying actions in southern Sumatra, southern Borneo and southern Celebes—the stepping stones to the Java citadel of the United Nations—Aneta, official Dutch news agency, was permitted to disclose the arrival of the United Nations' forces.

The battles on the approaches to Java are helping the United Nations to mass all possible strength to meet the expected invasion of Java.

Coinciding with the announcement of reinforcements, Batavia had two air raid alarms today but there was no attack. Some observers said that the enemy planes flew over the city.

There were wide expressions of confidence that the United States and Australia would supply additional troops as quickly as possible.

DISTRICT SHIVERS IN NEW COLD WAVE

Thermometers here dropped overnight to four degrees above zero and slipped two more degrees at 9 a. m. today, according to readings at the city sewage treatment plant. Snow squalls which hit the city yesterday afternoon presaged the change in temperature. The mercury stood at 30 degrees in mid-afternoon Wednesday. However, by 6 p. m. thermometers had dropped to 19 above. It was 11 above at midnight.

Motorists experienced difficulty in driving when a true wintry snow storm swept the district at 7 p. m. The storm was of short duration, however, and only one and one-half inches of snow were reported.

An overnight low of one above zero was reported at Cleveland this morning.

State highway department crews skidded icy curves.

RED CROSS DRIVE IS STILL ON HERE

Have you forgotten that Red Cross war chest drive?

Well, now's not a good time to leave it slip your memory, Red Cross chapter officials emphasized today, with the goal not too far away.

To date, a total of \$8,148.44 has been received, and that's short \$1,851.56 of the \$10,000 quota.

Records of long standing prove that Salem has never failed in a Red Cross campaign, whether for the annual roll call or emergency relief, and chapter officials feel that Salem people are not going to break those records now, in view of the national emergency and the outstanding need of funds.

SOVIET TRAPS BIG NAZI ARMY

More Than 600,000 Germans Caught Between Red Pincers

(By Associated Press)

Russia's armies, knitting into the republic of White Russia on a triumphant counter-march from Moscow, appeared today to be slowly closing a gigantic trap around a German force of perhaps 600,000 to 1,000,000 German troops in the "Napoleonic corridor" from Moshaisk to Smolensk.

This seemed clearly indicated by Red army dispatches reporting that Soviet troops had by-passed Smolensk on the north, while other Russian columns were said to have crossed the Sozh river south of Smolensk.

The northern salient, driving from the Velich sector, was apparently pressing sharply toward German-held Vitebsk, 20 miles inside White Russia, while the southern claw of the Russian pincer cut in between Smolensk and Roslavl.

On this basis, the mouth of the German escape corridor presumably had been narrowed to less than 100 miles. Inside the huge rectangle, extending more than 150 miles eastward from Smolensk, was the flower of the German army which Adolf Hitler threw into his ill-fated drive against Moscow late in 1941.

A bulletin from Hitler's field headquarters declared that the Germans had beaten off numerous Russian attacks and asserted vaguely that "more strong enemy detachments" were surrounded and "are approaching annihilation" on the Moscow front.

Soviet Russia's millions, lacking official details of the German-Russian war movements for almost a month now, expect Monday, Feb. 23, to be a day of good news.

It marks both the 24th anniversary of the creation of the Red

2 Brothers May Join 4 Already In U. S. Army

EAST LIVERPOOL, Feb. 19.—Whenever Uncle Sam gets around to honoring families for "all out" war effort, the accolade will rest easily on Mr. and Mrs. Ira Wright of Peake st.

They'll have four sons in the army as soon as Roy L. Wright of Pittsburgh dons his uniform. Matt R. Wright, Ala. Pvt. Ray J. Wright is with the marines at Parris Island, S. C., and his twin brother, Joseph I. Wright, entered camp last week.

And, heading for a "six star feature," so to speak, two other sons are eligible and likely will be called soon. They are Francis Wright, 31, and Arthur Wright, 22.

WASHINGTON, Feb. 19.—Secretary of War Stimson said today that the nation should expect attacks "all along our coasts and other places" like the raids made by submarines on the Netherlands Caribbean islands of Aruba.

The secretary urged at a press conference that the country be prepared also for pressure, from "thoughtless persons," to scatter defensive forces to meet such attacks.

"Yielding to that pressure would be the surest way I know of to lose the war," Stimson said.

Victory will be won, he declared, by massing our forces to carry the war to the enemy.

He gave assurances that urgent preparations were being made now for offense.

Will Take Offensive

Noting criticism which he said had been voiced for failure of the United Nations to seize the initiative, Stimson promised that "we will seize every opportunity for counter attack and the offensive, and every opportunity for surprise."

Stimson announced that 90,441 volunteers joined the army in January, more than doubling the record of any month before Pearl Harbor or in the first World War.

"This shows the men who are going to fight this war are not yielding to the defeatism or despair we sometimes hear of back of the fighting fronts," Stimson said.

He announced at the conference that three historic divisions had been ordered into active service and that a battalion of Filipinos living in the United States had been formed as a part of the army's speedy expansion.

WORLD PRAYER DAY Program Arranged

The Salem observance of the World Day of Prayer, arranged by the Federation of Church Women, will be held at 2 p. m. Friday in the Presbyterian church. The theme of the program will be "I Am the Way."

The theme of the international program was planned by three women from other lands now living in this country. One was a former teacher in Gungling, China; one the wife of a German minister who is now in a Nazi concentration camp; and on a French refugee.

The service is open to the public and men and women of the city are urged to attend.

The program will feature vocal solos by Miss Deborah Beery and music by choirs from the various churches. Those participating include the Methodist, Baptist, Presbyterian, Christian, First Friends, A. M. E. Zion, Trinity Lutheran, Emmanuel Lutheran, Nazarene and Light House Tabernacle. Other organizations cooperating are the W. C. T. U. and the Salvation Army.

All choir members, federation members and others on the program are asked to meet at the church at 1:30 p. m., prior to the service.

4 ARSENAL GUARDS KILLED BY TRAIN

WARREN, Feb. 19.—An Erie railroad passenger train killed four guards at the Ravenna arsenal soon after they started to drive to work today.

The dead: E. D. Henning, James R. Bailey, John R. Ray and J. P. Hughes.

The accident occurred at a crossing about 300 yards from their homes. The crossing is not a public thoroughfare and is not protected by flasher lights or other safety devices. Residents of the housing project recently urged that it be made a public road for use of school children. To avoid using the crossing, a detour of about one mile is necessary.

GREENFORD HOME RAZED BY FLAMES

Mr. and Mrs. Lester Bush Flee Fire At 2 A. M. Today

Mr. and Mrs. Lester Bush were forced to flee in their night clothes into the bitter cold when fire destroyed their home at Greenford at 2:30 a. m. today.

Awakened by the smell of smoke, they were able to grab only an armful of clothes and make their exit because the flames had already gained considerable headway.

Mr. Bush called the Canfield fire department, although the living room floor was so hot that he was forced to stand on the porch, with the telephone line barely reaching the doorway.

The Canfield volunteer department responded but was unable to check the fire, which by that time had the entire eight-room house ablaze. Water was turned onto one side of the garage nearby to prevent it from burning.

The fire is believed to have started from an overheated furnace. No estimate was made on the loss, which insurance is expected to cover. Mr. Bush, a former Deming employee here, is a pump repairman.

LISBON W.R.C. PLANS BIRTHDAY BANQUET

LISBON, Feb. 19.—The ladies of the Relief Corps will serve their traditional Washington's birthday dinner in the old Grand Army rooms in the city hall at noon next Monday, observing the 210th anniversary of the birth of the nation's first president.

The custom of serving dinner on Washington's birthday originated with the women of the Relief Corps not many years after the Civil War, always with the "Boys in Blue" as special guests. A few years ago, however, the last member of what had once been the largest Grand Army post in Ohio, answered the last roll call.

The membership of the Woman's Relief Corps which was organized here a short time after the close of the Civil war, has also changed with the years, but the new members carry on, and a special program which will follow the dinner Monday will honor the memory of departed heroes.

THREE INJURED IN TRAFFIC MISHAPS

Youth Struck Near Washingtonville; Suffers Leg Fracture

Three persons were injured in traffic accidents late yesterday.

Clifford McPee, 13, son of Mr. and Mrs. Joseph McPee of R. D. 5, Salem, suffered a fractured right leg below the knee and body abrasions when struck by a car while walking along Route 794, a quarter of a mile north of Washingtonville, at 11:15 p. m. state highway patrolmen reported.

The boy was brought to Salem City hospital by Gene Davis, 16, of R. D. 5, driver of the machine which hit him.

Davis told the patrolmen that frost on his windshield prevented him from seeing the pedestrian.

John A. Wright, 72, of R. D. 1, Canfield, suffered from severe shock and bruises about the chest and legs when his stalled automobile was struck by another car on Route 224, one mile east of Canfield, at 4:45 p. m. Wednesday.

Driver of the other car, James A. Buchanan, 25, of Norwalk, was uninjured, but Eleanor Buchanan, 19, a passenger, received bruises of the right leg and forehead.

Wright, who was examining the engine of his car at the time the crash occurred, was removed to his home.

MASONIC FATHERS, SONS HAVE DINNER

More than 200 men and boys attended the sixth annual Masonic Father and Son banquet held last night at the temple.

Following the dinner, the group sang "God Bless America," and E. G. Ware, general chairman, announced the purposes of the get-together, pointing out that the banquet also gave the group an opportunity for observance of Washington's birthday anniversary.

Henry Heineman served as toastmaster. He gave an interesting talk on outdoor life and camping, which was followed by interesting pictures of deer hunting in Pennsylvania and fishing in Canada.

One of the highlights of the program was the exhibition given by Dr. W. J. Rihaneck, Pittsburgh magician.

100 BOMBERS, FIGHTERS HIT DARWIN BASE

Make Two Raids In Initial Direct Assaults On Mainland

FOUR FOE PLANES SHOT DOWN, REPORT

Port Gateway for Defense Supplies In Battle of South Pacific

(By Associated Press)

SYDNEY, Australia, Feb. 19.—More than 100 Japanese bombers and escorting fighter planes attacked the north coast city and port of Darwin, potentially a vital United Nations naval and supply base, in two raids today in the first direct assaults on the Australian mainland.

Prime Minister John Curtin, from his hospital sick bed, announced that 72 bombers with protective fighter formations participated in the first raid this morning, and that another wave of 21 bombers returned to the attack in the afternoon.

Four Shot Down

Four of the second group were said to have been shot down.

Curtin, who announced the raid in Australia's thinly settled, remote north, promised a full statement as soon as details became known.

A communique issued subsequently said the raid lasted about one hour and was directed both against the town itself and against shipping in the harbor.

Some casualties were inflicted and there was some damage to service installations but the details are not yet known, it said.

Darwin's importance to the United Nations has grown as Japan's tide of conquest has rolled southward in the Pacific toward this island continent.

Its location on Australia's northernmost rim gives it a strategic geographic position not only as a fleet base but also as a gateway for defense supplies.

At the start of the war in the Pacific, Darwin was essentially a reserve base for the United Nations behind Manila, Singapore and Soerabaja and Ambona in the Netherlands East Indies.

Now Japan's hordes are poised for an invasion attempt against Java, the site of Soerabaja, and all the others already are in enemy hands.

Soerabaja is less than four hours flying time from Darwin and Ambona is only 675 miles to the north.

The loss or incapacitation of Darwin might, therefore, banish the United Nations' fleets from that area of the Pacific.

S. Broadway Paving Costs Still Unpaid

Property owners on S. Broadway who want their street resurfaced must first pay their assessment costs at the city auditor's office.

This was the reminder today of City Engineer F. S. Barckhoff, who warned that unless the money is in fund, or arrangements are made to pay, it will be impossible to proceed with the paving.

The improvement of S. Broadway below Franklin st. is practically assured, however, the engineer said. Only one property owner has failed to place his cash on the line.

On the other hand, property owners on Broadway between Columbus and Franklin sts. have not paid for their share of material cost, Barckhoff explained. This particular section is one of the roughest in town.

Paving assessment notices were served on all S. Broadway residents some time ago, he added.

Barckhoff said that he hoped to start the paving project early in the spring when weather conditions are favorable.

The paving will follow the removal of the old Y. & O. street car rails which will be lifted by WPA labor and sold to the government as vital war metal.

The lower portion of S. Broadway was torn up to permit installation of the intercepting storm water sewer.

HIT 'EM IN THE BREADBASKET

This war will take a turn for the better, according to official promises, when the United States and Great Britain can produce more equipment than their enemies. That is supposed to take place sometime in 1943.

Americans have been thinking seriously about it—seriously because the strategy of crushing the opposition with sheer weight of armament already is extremely expensive and the cost is mounting every day.

There are a few conclusions they want their government to reach. In line with the growing inclination of the people to comment on war policy, perhaps it is time to speak freely about them.

First, the citizens of the United States want their government to protect Great Britain's copyright on the muddling-through type of war. The British for generations have made a botch of their land wars and haven't done much better on the water. They have won the hard way—by refusing to be licked. By the grace of whatever it is that keeps a weather eye peeled for the British empire, they have survived.

They have shown relatively little initiative in military matters. Unlike Americans, who have contributed virtually all the deadly ideas of modern mechanized warfare, and Germans, who have adopted the ideas and put them into bloody practice—unlike even the Japanese who have been relentless imitators—the British have shown scant aptitude for the science of militarism. This reflects no discredit on them. It's merely one of the facts of life in 1942.

It's one of the facts of life, nevertheless, that a great many Americans want their government to handle with care. Specifically, they want their government to do its fighting according to American specifications for making war, not British specifications.

Americans want a minimum of "Pip, pip, cheerio, cricket and all the rest of that, don't you know, old chap" and a whole lot of "Hit 'em in the breadbasket." That's the way the boys who are going to do the actual fighting learned to compete—rough. Cricket is a game they play in England. In the United States, the preference is for football, where the idea is to mow 'em down.

In fact, football is a priceless national asset for the grim business that lies ahead. Most of the young men on the fighting line have played it. If World War I was won (as some Englishmen dreamed it was once) on the playing fields of Eton, maybe World War II will be won on the gridiron. These are serious things. This is a battle of survival on an international scale. The contenders will need everything they have, from their shoe soles on up and all the way back to their great grandfathers.

Another conclusion being reached by the people who are going to do the fighting and the sacrificing in this war also concerns something they don't want their government to borrow from Great Britain. It might be called the hoity-toity hangover—the absurd notion that somewhere there is a line and that all the capable people are on one side of the line. In Britain, the relics of the feudal system make the thing a social evil. In the United States, it is more likely to be a form of political snobbery. Americans don't like it. It makes their flesh creep, and they don't like that, either.

The idea of mentioning these matters isn't to run down the British. As allies of the United States they're the best obtainable. Many of them wish Americans were different, too, but they're up against the same proposition. Americans are the best allies to be obtained under the circumstances. If American generals and admirals were to make the ghastly mistake of thinking this country would respond enthusiastically to muddling through and playing cricket with the Axis mad dogs, the war could be handed over to the enemy then and there.

THE STARS SAY:

For Friday, February 20

WHILE ON this day great and ambitious projects are under highly accelerating planetary influences, yet there may be some determined opposition either from the public, community or other organized institutions or bodies. Employers, superiors and other influential personages may be disposed to cooperate and there may be surprising benefits. Travel, change, professional matters may thrive but be prudent in all relations and changes.

Those whose birthday it is should have excellent auguries for definite progress in many lines of endeavor, with high achievements in finance as well as professional, business and cultural lines. Advanced goals in such direction are encouraged although there is hint of want of approbation or assistance if not decisive opposition from public, group or organized bodies. However, good friends and supporters of influence are at hand, and probably offer surprising cooperation.

A child born on this day while having excellent judgment, noble ideals and aspirations supported by practical constructive abilities yet may suffer from annoyance or antagonism from public or organized bodies. However, it should have much progress, versatility and good fortune, reaching possibly influential position.

TURN TO HONEY MARKET

CHICAGO, Feb. 19.—The sugar shortage, the department of agriculture reported today, is returning many industrial users to the money market for sweetening for ice cream, candy, soft drinks and other foods.

While these substantial purchases are boosting honey prices in most wholesale markets, beekeepers are being assured of sugar to keep their colonies healthy and productive of the sugar substitute.

Because of the present high demand and promising outlook, beekeepers were reported preparing for a busy year. Prospects are that the 1942 money crop will be at least one-third greater than 1941's.

Sugar is needed within the honey industry during winter and early spring. When honey has been removed from hives, beekeepers provide their bees with a solution of sugar and water without which they would starve.

A. E. Bowman, chief of the sugar section of the war production board, said recently, however, that "within the limitations of sugar stocks, every effort will be made to fill all needs immediately of bee producers."

Trade circles interpret this as assuring sugar for bees which produce honey which substitutes for sugar. Production of honey depends upon both the number of bees and the growth of plants from which they extract nectar and transform it into honey.

Rainfall throughout the north during the early and late autumn, and snow covering during the winter, have led beekeepers to believe nectar-bearing plants will have a good growth over most of the country this spring and summer.

In addition to honey, another product derived from bees—beeswax—also faces a year of good demand in the opinion of trade circles. Cosmetics manufacturers are increasing their inquiries. Beeswax also is used extensively in candles which presumably may be in demand in areas expecting blackouts.

The New Dealers claim to have a well-mapped out war policy at Washington, and as far as we're able to understand it, it consists of telling us that everything is coming along fine—and they wonder why we're not more disturbed.

Pensioning Congressmen would be all right if the people could vote right away on which ones to be pensioned off.

ASSAILS "LIFE OF THE PARTY" ROLE

Clendening Shudders at Psychiatrist's Suggestion

By LOGAN CLENDENING, M. D.

I SEE by the papers where a psychiatrist is proposing to cure cases of mental affliction, particularly mild forms of melancholia and shyness and inferiority complexes, by teaching the patients to become the Life of the Party.

This is where I come in—and I come in to say "No." We have enough Lives of the Party as it is. We have the master of ceremonies of "Truth or Consequences" and

Manning. Not to mention some personal friends of mine who shall be nameless, except that the first name of one begins with one of the first eleven letters of the alphabet, and who, whenever he arrives at a party, immediately takes charge and begins to give everybody such a good time that nobody else has a chance to get a word in edgewise or enjoy themselves at all except the particular way the Life of the Party wants them to, and consequently most of them go home around ten o'clock.

Bad Effects

I wonder if the treatment isn't reversible and whether some of the Lives of the Party couldn't be given back an inferiority complex. Or made melancholy just for a night.

I have had a good deal of experience with methods of treatment. I taught the subject to medical students for several years and I even went so far as to write a book on the subject. One of my ever-present ideas is to warn against the bad effects of some treatments.

You can cure a pneumonia with one of these new-fangled chemicals and that is all right, but you have to watch out whether or not your patient doesn't have a dermatitis for several weeks. I even know a doctor who has a new specialty—he is a Therapy Therapist. He treats treatment—he administers to the consequences and unfortunate com-

plications of some modern treat-

ments. So treatment can have consequences all its own. But nothing like this. Nothing like turning a fellow into the Life of the Party. That not only has a bad effect on the individual, but is a menace to society. I knew a young man who went to a party once when he was seventeen years old and was quite lively. The next day someone told him he had been the life of the party.

Ruined His Life

That apparently innocent remark ruined his life. He made a career of being the life of the party. He frequently overdid it. And I remember finding him one dark morning when he was fifty years old. He was cleaning a pistol. He said he was going to find the guy who told him thirty-three years ago he had been the Life of the Party.

Besides, the way the doctor is going to turn these shy folk into the life of the party is to train them to be parlor magicians. That also is a mistake. They are much more likely to be the death of the party.

EDITOR'S NOTE: Dr. Clendening has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendening, 235 E. 45th st., New York. The pamphlets are: "Three Weeks' Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "Instructions for the Treatment of Diabetes," "Feminine Hygiene," and "The Care of the Hair and Skin."

The muskrat is the most common commercial fur animal in the United States.

What do I do?

Ease up on that "heavy foot" for long tire mileage!

The best way to explain what speed does to tires is this: At the Indianapolis Races a brand-new, specially built tire wears out in 500 miles! On the other hand, many motorists who drive at moderate speed get up to 50,000 miles from tires! You can get such mileage from your tires. If you check your speed, keep tires properly inflated and are careful not to injure the carcass, you'll be surprised how long they'll last.

Winona P.T.A. Unit
Presents Program

WINONA, Feb. 19.—The following program was given to a large group at the Winona P. T. A. meeting Friday evening:

Duet, "Valentine", Ray and Joanne Whinnery; reading, "Lincoln", Martha Satterthwaite; song, "Columbia", Barbara Marilyn Stanley; reading, "Valentines", Mary Arbatillo; song, "My Valentine", dedicated to all the mothers, Galen Brandt; brick school paper read by Raymond Brandt, Jr.; pictures of Yellowstone National park and Dakota Bad lands, by Stanley Howard.

The president, Wilmer Satterthwaite, appointed Mrs. Arthur Loudon and Mrs. Arthur Oliphant as the new program committee.

Guests of Parents
Mr. and Mrs. James Steer and their family were guests of Mr. Steer's parents, Mr. and Mrs. Wilson Steer, Sunday afternoon.

Mr. and Mrs. Elmer Altenhof and family were Sunday guests of Mr. and Mrs. Norman Barnett of the Johnson road, near Sebring.

Mr. and Mrs. Oliver Sidwell were Sunday guests of their son and family, Floyd Sidwell, of Middleton.

The Wilbur Friends discussions were welcomed to the Clark-French home in Salem Sunday evening. Twenty-five were present. A portion of the book, "What Can a Man Believe?" was read and discussed. Plans were made for a meeting on Sunday, March 1, at 2:30 at the Sixth st. meeting house in Salem at which the Fellowship of Reconciliation group of Youngstown will be guests. Endeavors to secure a speaker for that meeting are being made. In four weeks the group will meet at the home of W. Mifflin Hall in Damascus.

The school house in Winona on Saturday evening, Feb. 21, at 7:30 Mrs. Esther Irene Edgerton and daughter, Janice, visited relatives in the village on Sunday.

Mr. and Mrs. Jesse Edgerton went to Barnesville Sunday to visit his sister, Mrs. Wilmer Hall. John Hall, who has been employed at the Wilson Sidwell farm returned with them to his home.

A large number of ladies from this community attended the cooking school held last Friday afternoon by the Ohio Edison Co.

Dinner Guests
Mr. and Mrs. Roscoe Stanley and family were Sunday dinner guests of Mr. and Mrs. Alfred Warrington near Salem.

Miss Jean Hartley of Waynesburg visited in Winona over the weekend.

Betty Bonsall is ill of measles. The primary school reports the following children absent because of sickness: Michael Kuffeltner, Earl Whinnery, Chester and Edith Hartley and Betty Shepard.

Roberta Godward was leader at Epworth league meeting Sunday evening.

Miss Elma Satterthwaite called on friends in Damascus, Sunday.

The World day of prayer will be observed at 2 p. m. Friday, at the Methodist church.

School Has Valentine Party
The Valentine post box was gaily decorated when Martha Marie Satterthwaite, as "postman", passed out the valentine, to the children. Her messengers were: Bobby Walton of the fourth grade, Junior Hardgrave and Leo Cooper of the third; Betty Shepard, second; and Ray Whinnery, first.

The teacher, Miss Lambert, presented the girls miniature doll bugles, and the boys, tiny wagons each filled with valentine candy.

Pre-school guests were Clarence Votaw, Dixie Hartman, Allen Cope and Betty and Bobby Cooper.

Mrs. Mary K. Brantingham and her granddaughter, Lois Holloway, were hostesses to a large group recently honoring her grandson, Edgar Holloway, and his bride, the former Miss Virginia Calvin.

Guests were from Lisbon, Salem, Damascus, Poland and Winona. About 45 were in attendance.

The couple received a large number of miscellaneous gifts.

The Holloways are at home on the Howard Holloway farm near Lisbon.

Rules—Next July

Teddy Anne Storey
When Wyoming elects a queen to rule over the annual Frontier Days celebration in Cheyenne, it makes sure one's elected in plenty of time. The celebration isn't to be held until the last week in July, but Teddy Anne Storey, Cheyenne girl whose parents were among the early western settlers, already has been selected to rule as queen.

War Ration Books Roll off the Presses

Shown examining the first sheet of ration cards to leave the press at the Government printing office are John J. Deviny (left), acting public printer, and Leon Henderson, price administrator. The war ration books present the biggest printing job to be handled thus far by the U. S. printing office. More than 100,000,000 books will be printed at this time.

Garden, Garden Study Clubs Plan Joint Program Monday

Salem Garden club members will entertain Garden Study club members at the program at 2:30 p. m. Monday in the library assembly room, when Mr. Lauck of Kent will speak on "The Story of Shade Tree Care".

Since the library will be closed Monday, Washington's birthday, those attending the meeting will use the side entrance to the library room. Members are expected to have questions to contribute to the question box, a new feature of the meetings. Questions of members on various problems of gardening are written and placed in the box and are answered at a later meeting.

Mrs. Hochadel Hostess To Wesleyan Class

An interesting program was enjoyed by Wesleyan class members last night at the home of Mrs. John Hochadel, Homewood ave. Miss Martha McCready was program chairman.

Devotional service was led by Mrs. George Koonz, who read "The Perfect Tribute," by Mary Shipman Andrews.

Miss Lillian Schroeder, public school nurse, gave a talk on nutrition and Mrs. Carl Assmus spoke briefly on the Lenten season and members' duties to the church.

Members sewed for the Red Cross during the meeting, which was followed by a social hour and lunch. The committee in charge included Mrs. F. W. Koenreich, Mrs. Audrey Bertolette, Mrs. W. F. Lippert, Mrs. T. R. Corrigan and Mrs. Elmont Hughes.

Guest night will be observed at the March 18 meeting at the church.

Mrs. Chamberlain Heads Presbyterian Women

Mrs. Howard Chamberlain was named new president of the Presbyterian Women's association at a meeting in the church yesterday.

Mrs. J. W. Aspy presided in the absence of Mrs. J. M. Kelley, retiring president.

Other officers are: Secretary, Mrs. Stanton Heck; treasurer, Mrs. Rex H. Ruggie. Vice presidents are the chairmen of the various committees which will be announced after April 1 when new officers assume their duties.

Tea was served during the social hour by Mrs. James Armstrong and her committee. The table was charmingly arranged with patriotic colors and decorations.

A casserole luncheon will be held at church March 18, followed by the regular meeting, when annual reports of the committees and officers will be heard.

Ray Weigand, private first class, with Co. D, 131st service unit in camp at New Cumberland, Pa., has returned to camp after a visit with his father, Andrew Weigand, of Arch st.

Methodist Church Group At Schmidt Home

Mary Carr Curtis society of the Methodist church met at the home of Mrs. E. E. Schmidt, Franklin rd., Monday night.

The altar light service was in charge of Mrs. Irene Matthews, who also led the devotions, and the stewardship rites were conducted by Mrs. Albert Kent. "The Voice From The Field" was given by Mrs. James Fife.

"Thumbprint" book reviews were given by Mrs. Ralph Tolerton, Mrs. Vernon Broomall, Mrs. Eleanor Currier, Mrs. David Kirby and Mrs. Ray Dean.

Lunch was served by the hostess. The next meeting will be held March 9.

N. T. G. Club Members At Sebring

Members of the N. T. G. club were entertained by Mrs. Tom Nedelka at the home of her parents in Sebring Tuesday evening.

Bridge prizes were won by Misses Helen Lora and Jane Butler. The traveling award went to Miss Lora. Mrs. Frank Fowler of Sebring was a guest.

The next meeting will be held March 3 at the home of Miss Tillie Fleischer, Euclid st.

Party Planned
A benefit card party will be given in the K. of P. hall at 8 p. m. Friday by members of Peace sisterhood, No. 189, Dances of Malta. Anyone interested may attend.

Auction bridge, "500" and bingo will be played.

Staff to Practice

Degree staff practice will be held at the regular meeting of Home lodge No. 110, Daughters of Rebekah, in the Odd Fellows hall at 7:45 p. m. Friday. All members are asked to attend.

Students To Hear Mt. Union President

LEETONIA, Feb. 10.—Dr. Charles Ketchum, of Mt. Union college will speak to the High school students of Leetonia and Fairfield at 8 p. m. Sunday, March 1. (The Fairfield school choir will have part on the program.)

Mrs. Galen Zimmerman entertained "Our" Community club at her home at Franklin Square, Wednesday. A covered dinner was served at noon.

Miss Ruby Anglemeyer, chairman of the local Red Cross announces that yarn for army and navy sweaters, together with instructions, have been received at the Red Cross headquarters and will be distributed to knitters desiring to make sweaters.

Mrs. David Todd and infant son were brought to the home of Mrs. Todd's father, Joseph Lesson, Sr., Monday from the Salem City hospital.

Private John Finnick, son of Mr. and Mrs. M. P. Finnick, is stationed at Sheppard Field, Texas.

Grange Charter Draped

LISBON, Feb. 19.—The charter of the Lisbon grange will be draped at the regular meeting Friday evening, honoring the memory of Homer E. Williams, past master, who was also prominent in the work of Pomona, the state and national granges.

Resolutions of respect will also be presented by a committee and spread upon the grange records.

The program will include the conferring of the third and fourth degrees upon a class of candidates, in charge of Hugh Ramsey, while the lecture hour will be in charge of the men of the grange.

Today's Pattern

EVER-FRESH JACKET ENSEMBLE

Look flower-fresh all day long—wear a jacket ensemble by Anne Adams made from Pattern 4008! A bouquet of compliments will be yours. "How slim you look." "What a smart jacket." "What a pretty print dress!" The dress is softly yoked, subtly fitted by darts; the contrast jacket is accentuated by bands of the dress fabric down the front and on the sleeves. See how the jacket comes just over your hips and so gives you longer, slimmer lines! For color accent, the dress may be trimmed with buttons or a gay posy at the neckline, and it may have short or three-quarter sleeves. The Sewing Instructor makes everything so easy, you'll have time to plan an all-one ensemble too!

Pattern 4008 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 dress and facing, takes 4 1/2 yards 39 inch fabric and jacket, 1 1/2 yards contrast.

Send FIFTEEN CENTS (plus ONE CENT to cover cost of mailing) for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS and STYLE NUMBER.

Your role in the 1942 picture is to be thrifty, yet look your smartest and prettiest. Let the colorful new Anne Adams Spring Pattern Book help you plan a new and save program, with its easily made, promptly available patterns for every age.

DELAWARE, OHIO.—Three hundred of America's outstanding religious leaders, representing the participating communions of the Federal Council of Churches of Christ in America, will meet in Ohio Wesleyan's Gray chapel here March 3, 4, and 5 to discuss bases for a "just and durable peace" following the present world conflict.

Religious, social, economic, and political bases will be considered. Outstanding speakers will include Dr. Carl J. Hambro of Norway, former president of the League of Nations assembly; Dr. H. Shih, Chinese ambassador to the United States; Bishop Francis J. McConnell of New York City; Dr. Wm. C. Patton of London, executive secretary of the World Council of Churches; John Foster Dulles of New York City, internationally known lawyer; and Leo Pavlosky, special assistant to Cordell Hull, Secretary of State.

Ohio Wesleyan faculty members will collaborate in the study.

Program Given By Columbiana Group

COLUMBIANA, Feb. 19.—Mrs. C. B. Riggie, president of the Women's Missionary society of the Presbyterian church, welcomed members at her home Wednesday afternoon. This was the final meeting of the group as the women of the church have voted to accept the association plan.

Mrs. Riggie presided. Devotionals were led by Mrs. William Rupert. Mrs. C. W. Smith read a paper on "The Negro" and Mrs. C. C. Chandler read a paper on "Africa". Group singing was enjoyed. Special music was presented by Miss Arlene Riggie. Refreshments were served.

The Philo class of the Methodist church will meet at the home of Mrs. William Barton, Elm st., this evening at 8 o'clock.

Allen lodge F & A. M. will meet at the hall at 8 p. m. Friday to confer degree work.

Columbiana's World day of prayer will be observed Friday afternoon at 2:30. This will be a union service with all the pastors of the churches taking part.

The following program will be presented: Quiet music; hymn; Scripture, "The Way Men Have Lost," representative of the Christian church; "The Way Back to God," representative of the Nazarene church; "The Way of Peace," representative of the Methodist church; union prayer; "The Way of Love," representative of the Church of the Brethren.

"The Way of Power," representative of the Presbyterian church; music, Grace Reformed church group.

The theme will be "Shadows and Lights around the World" and five-minute talks will be given as follows: "Night," Rev. C. J. Haas; "Beyond The Night," Rev. George A. Funk; "In China and India".

army, a workers legion that succeeded the troops of the czars, and the start of the ninth month of the battle against Adolf Hitler's invaders.

Russian citizens expressed belief today that Moscow authorities were holding up announcements of specific gains to make them all public on the anniversary.

The Soviet information bureau generalized again on the progress of the fighting, saying continued offensive operations of Red army troops yesterday had cost the Germans heavily in manpower and material.

Villages Recaptured
In its mid-day communique, the bureau told of the recapture of two unidentified villages west of Moscow. It said the Germans left 200 dead on the battlefield there while 150 were killed in another sector.

Radio reports told of a smash through Nazi fortifications toward Smolensk, 230 miles west of Moscow; of a new Russian push toward the Crimean port of Feodosiya; of a demand by Finnish prisoners that Finland quit her war as an ally of "the hangman Hitler."

Informed British said the royal navy, humiliated by the 700-mile dash of the German battleships Gneisenau and Scharnhorst from Brest to German havens through Dover strait last Thursday, soon would be joined by two new 35,000-ton battleships.

These are the Anson and the Howe, newest members of the formidable King George V class.

Meanwhile, RAF bombers smashed anew at targets on the Helgoland bight—here the Gneisenau and Scharnhorst are reported to have taken refuge—and the London air ministry announced briefly:

"Last night aircraft of the bomber command laid mines in enemy waters."
The locale was not specified, but presumably the mines were laid off Helgoland to keep the Nazi raiders bottled up.

A German communique said anti-aircraft fire drove off the RAF attackers, and shot one down.

On the North African front, Premier Mussolini's high command said action was limited to skirmishes in which British mechanized patrols were repulsed by Axis forces in the El Mechili sector, 90 miles west of Tobruk.

In London, a British spokesman said Britain's armored formations in the Middle East had been

strengthened and that the "process is continuing."
British headquarters at Cairo reported the situation on the Libyan battlefield west of Tobruk remained unchanged, and said the only land operations for the past 48 hours have been patrol movements feeling out the enemy positions.

WAR PLANT PLACES WOMEN AT MACHINES

CLEVELAND, Feb. 19.—One of Cleveland's major war industries, placing women at machine, operated by men now being drafted or transferred to heavier duties, will pay the women at men's rates wherever their work is the same.

Thompson Products, Inc., manufacturer of aircraft parts, outlined today its program to bring more women into the lighter tasks in its plants and to replace men called into the armed services.

President Frederick C. Crawford said the company is starting a survey of its several hundred job classifications to determine how many jobs could be performed by women. The concern expects to triple its present staff of 800 women production workers.

Women will be assigned to additional machine operations to permit the transfer of men to harder physical work and replacing of men being drafted.

Their pay rates will be the same as those of the departing men, providing they carry out the same duties, but where men assistants are necessary for lifting operations, machine set-up work and for grinding tools, the women's rates will be lowered.

Wives of drafted Thompson employees will be given preference.

Women machine operators will work a six-day 45-hour week with the same overtime provisions as for men workers.

Crawford said the plan was worked out with the approval of two unaffiliated unions at the company's plants.

BROADER INCOME TAX BASE LOOMING

Sales Tax or Payroll Levy Possible Also As Fund Needs Grow

(By Associated Press)

WASHINGTON, Feb. 19.—Senator George (D. Ga.) predicted today that congress would be forced to broaden the base of income taxes or impose a sales tax or payroll levy if it hoped to increase revenues by \$7,000,000,000 in the next fiscal year.

George, chairman of the senate finance committee, already has announced his opposition to lowering the present individual income exemptions of \$750 for single persons and \$1,500 for married persons.

Opposed to Levies
He said that so far as he knew the treasury remained firmly opposed to a sales tax and had no intention of recommending a payroll tax. President Roosevelt called for a \$7,000,000,000 general revenue increase in his budget message last month.

George said there had been some discussion of attempting to collect income taxes on a month-to-month basis through a 15 per cent withholding levy on payrolls. By this system, he said, the government would take 15 per cent of salaries each month, the total being applied against the amount due on the regular income tax at the end of the year.

To obtain the extra revenue requested by President Roosevelt,

treasury experts were understood to have charted a \$3,000,000,000 increase in corporation levies and a boost ranging from \$1,500,000,000 to \$2,000,000,000 in individual income taxes. The remaining \$2,000,000,000 would be obtained by plugging loopholes in the present law and by increasing and broadening excise levies.

WOUNDED, DRIVES 10 MILES AND DIES

YOUNGSTOWN, Feb. 19.—Robert Wilson, 42-year-old steel worker, walker unaided into the emergency ward of a hospital and sat down until an interne asked if he could help him.

"Yes," the steel worker said, and opened his coat to show his abdomen. He said he had shot himself with a 16-gauge shot-gun by holding it at arm's length, and that he had driven an automobile more than 10 miles to the hospital, from a suburban farm. He died 15 minutes later.

Dr. Joseph Colia, acting coroner, withheld verdict pending an investigation.

forces, he said, men would be assigned to the new divisions almost immediately after their induction, eliminating the 13 weeks of basic training normally undertaken at replacement training centers. The basic training will be provided in the divisions themselves.

Division Listed

The divisions ordered into service, on March 25, are the 7th, 82nd and 90th infantry divisions, of the organized reserves, which since their demobilization after the first world war have existed only in skeleton form.

The 77th was made famous in 1918 by the episode of the "lost battalion."

The 82nd division in the World War included Sergeant Alvin York. The 90th division was known as the "Alamo division," in 1917-18 because its members came from Texas and Oklahoma.

Stimson also announced that the national guard's 18 large square divisions would be reorganized into smaller, streamlined, triangular divisions ordered into service as the first of 27 reserve divisions to be called out in expanding the army this year to 3,600,000 men.

Recognize Filipino Loyalty

The Filipinos will form the first Filipino infantry battalion, and will be stationed at Camp San Luis Obispo, Calif. The new unit, Stimson said, was "formed in recognition of the intense loyalty and patriotism of those Filipinos who are now residing in the United States," and will give them "the eventual opportunity of fighting on the soil of their homeland."

A similar battalion, he said, may be formed from citizens of the other United Nations in this country. He said it was conceivable that if the volunteers came forward in sufficiently large numbers that an allied Legion might be formed.

In connection with his warning of possible raids on American coasts, Stimson said:

"We are on the front lines ourselves now," Stimson said. "We can't produce our way out. We can only fight our way out by hard, intelligent fighting."

JAPS STEPPING UP BATAAN PRESSURE

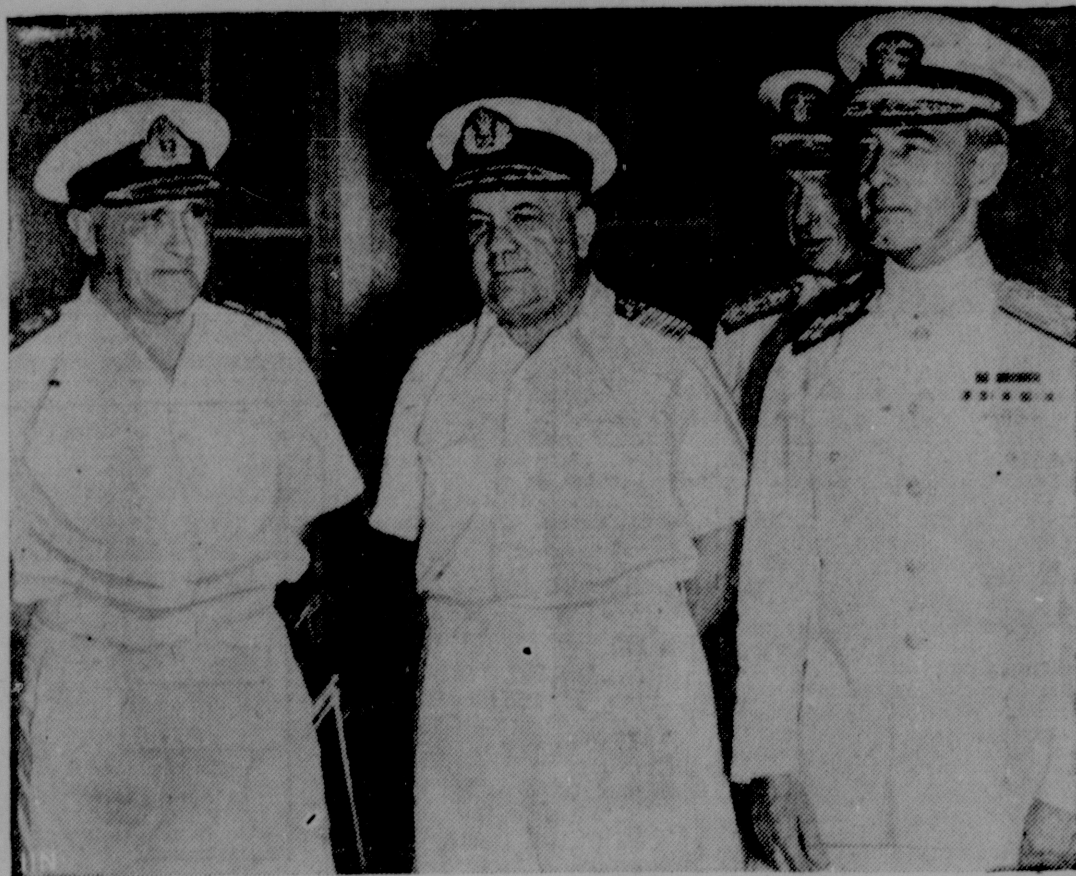

(By Associated Press)

WASHINGTON, Feb. 19.—The war department reported today the Japanese were increasing pressure on General Douglas MacArthur's defense lines on the Bataan peninsula in the Philippines, and troop movements indicated a resumption of the enemy offensive.

Several flame throwers, a communication said, were captured along with three pieces of artillery in a relatively minor local action, along with other Japanese equipment.

Meanwhile Japanese batteries on the south shore of Manila bay poured shells on the Corregidor string of fortifications, "without accomplishing a great amount of damage." Fire was concentrated on outlying Fort Frank, southernmost of the fortifications.

PROPOSE BILLS TO HIKE SERVICE PAY

Sponsors Criticize Administration Failure To
Take Stand

WASHINGTON, Feb. 19.—Bills to raise soldiers' and sailors' pay and provide living allowance for their families were pushed forward today by legislative sponsors who criticized the administration for failure to take a stand on the two measures.

Senator Johnson (D-Colo.) introduced legislation to increase the base pay of enlisted men from \$21 to \$42 a month and raise officers' pay on a sliding scale.

Rep. Edmiston (D-WVA) proposed establishing an allotment and allowance system patterned after that of the first world war, under which enlisted men would be required to send at least \$15 a month home to dependents, while the government provided another \$15.

The Johnson bill not only would raise the base pay of enlisted men to \$42, but would provide further increases for length of service, up to \$207 a month for a master sergeant with 30 years' service.

Edmiston said his measure provided higher government allowances than those of 1917-18—a maximum of \$50 for a wife with

four children—and indicated the department did not like it for that reason.

Edmiston's measure provides for administration by the veterans' administration, but the West Virginian said he understood that Federal Security Administrator Paul V. McNutt was "trying to get administration of it."

Both the Johnson and Edmiston measures were introduced more than a month ago and have been held up by the budget bureau and the war department's failure to act on them. Both senators indicated today, however, that they would press for early action.

HEAVY FIGHTING RAGING AT BURMA

Jap Assault Units Seeking
Positions On Banks of
Bilin River

BULLETIN

(By Associated Press)

RANGOON, Burma, Feb. 19.—British troops drove Japanese forces trying to cross the Bilin "into the river," army headquarters reported today in announcing that violent fighting with heavy casualties on both sides raged all along this front about 50 miles east of Rangoon's railway link to the Burma road.

RANGOON, Burma, Feb. 19.—Heavy fighting raged today along the Bilin river, about 50 miles east of Rangoon's railway link to the Burma road supply line, as Japanese assault units struggled for positions on the western bank of the stream.

In the past 48 hours some parties of these shock forces, running a gamut of fire and hand-to-hand shore fighting, reached several precarious positions along the shoreline which British imperial forces are defending as the next to last natural barrier to vital railway.

Only the Sittang river would remain for a river-line defense of the railway if the Bilin were lost.

Whether the first enemy footholds had been wiped out in the counter-assault by hard-fighting Indian garrisons was not yet known. The Japanese were using captured Thant, a short distance east of the Bilin estuary on the Gulf of Martaban, as a concentration point for troops thrown into the battle of the Bilin river.

The enemy used every available small boat for his crossings. What proportion of the boats got through was not learned, but many of them were shattered in mid-stream by artillery fire or were raked by machine-guns.

Ashore, the invaders were subjected to harassing fire.

It was entirely possible that the Bilin could not be held against Japan's superior reservoir of manpower. In this event, the British imperials would have to fall back to the west bank of the Sittang, a more formidable barrier, but perilously close (20 miles) to the Rangoon railway feeder to the Burma supply road to China. The Sittang is 30 miles west of the Bilin which it roughly parallels as it also does the Salween, previously crossed by the Japanese in their drive around the Gulf of Martaban.

U. S. NOT SATISFIED WITH VICHY STORY

(By Associated Press)

WASHINGTON, Feb. 19.—Sumner Welles, undersecretary of state, said today the United States was not satisfied with explanations so far offered by the Vichy government regarding reported French aid to Axis forces in Libya.

He added that, accordingly, further instructions had been sent to Ambassador William D. Leahy at Vichy.

Welles disclosed that the French ambassador here, who conferred with him yesterday, had informed him that no demands had been received by the Vichy government from Axis governments for the use of naval bases or other facilities on Madagascar.

In reply to a question, Welles said that so far as the French Caribbean island of Martinique was concerned, this government had no information tending to confirm recent reports that secret submarine bases there might have had something to do with the recent submarine attack on Aruba.

In Oratory Contest

Ivan Immel of Hanoverton (pictured above) will represent Heidelberg college in the annual Old State Line oratorical contest to be held Friday on the campus of Ohio Wesleyan university.

"Shall We Forget" is the title of Immel's oration which appeals to the allied people to forget the desire for revenge when they come to sit down at the next peace table, lest the spirit of retaliation result in another Versailles which sows the seeds for still another World War.

Immel, a senior pre-ministerial student, won the annual Herbst Oratorical contest at Heidelberg last week and with it the right to represent the college in the state meet.

2 OCD DIVISIONS ARE CUT BY LANDIS

4 Former Mayors Ousted
As Defense Unit Is
Streamlined

(By Associated Press)

WASHINGTON, Feb. 19.—The process of stripping down the much-criticized Office of Civilian Defense for "emergency action" was under way in earnest today as the jobs of four former mayors followed that of Blonnie Mayris Chaney, dancer friend of Mrs. Franklin D. Roosevelt, into the discard.

Having already accepted Miss Chaney's resignation as director of children's activities, Director James M. Landis followed up last night by jettisoning two whole divisions which he said were of "no further value."

Streamlines OCD

It is "urgently necessary" that OCD be streamlined for maximum efficiency, Landis said, disclosing that he had taken these steps:

Abolished, effective March 1, the office of inspectors general, headed by former Mayor T. Semmes Walmsley of New Orleans at \$22.22 a day.

Abolished, effective March 1, the

"Know Your Government" division headed by S. Howard Evans, formerly of the budget bureau, at \$2,000 a year.

Abolished the associate directorship of the division of state and local cooperation, held by Daniel W. Hoan, former Socialist mayor of Milwaukee.

Landis accepted without comment Miss Chaney's resignation from her \$4,600 a year job. (In her letter of resignation she said she wanted "no further altercation which might cause disunity and delay.")

Metzenbaum Out

Out of their jobs as regional inspectors general under Walmsley go Bernard F. Dickmann, former mayor of St. Louis; Joseph D. Scholtz, former mayor of Louisville, and Murray Stand, New York, who received \$6,500 a year apiece, and James Metzenbaum, Ohio state senator from Cleveland, who served without compensation.

Near final congressional approval is a bill appropriating \$100,000,000 to provide the OCD with gas masks, fire-fighting devices and other equipment. A senate-house conference committee yesterday ironed out minor differences between the versions adopted by the two chambers and the house accepted the committee's draft. The senate was expected to follow suit promptly.

ROUSE YOUR LIVER BILE

Sleep Sounder-Get up Feeling Great

More Ready for a Good Day's Work

To be normal your liver should discharge about a full quart of digestion aiding juices every day. A scanty flow—a slowing up may mean Sick Headaches, so-called Biliousness, Poor Digestion with that half-sick sour feeling.

Snap out of it—you can. Get a bottle of Kruschen Salts—a gentle laxative—tonight; start right in tomorrow morning and take half a teaspoonful in a glass of water (hot or cold) half an hour before breakfast and keep it up for 30 days.

Cars Haul Panama Supplies

Phonephoto

In peace time this little railroad through the jungle of Panama was used to carry bananas to market. Today it is used to haul supplies to military units, anti-aircraft posts, in well-concealed spots throughout the jungle. These posts guard the vital canal against assault from the air. In addition to the railroad, a new highway from the Atlantic to the Pacific is now being rushed.

Quakers Prepare For Fray With Big Red At Struthers Tomorrow

LOCALS PREPARING FOR STIFF BATTLE, SEEK WIN NO. 13

Don McPhee Is Standout of Squad Weakened By Graduation

Salem High's cagers trek to Struthers tomorrow night for a tiff with the Big Red club in an attempt to bag their 13th win of the season. Coach Herb Brown is working hard with the team this week, hoping to snap them out of their dazed attitude of the last few games. The tilt with Struthers is always an important one to the Big Red cagers, who would rather trim the Quakers than eat.

They point for the battle with the locals each year, no matter how strong either team is, and concentrate on one thing—to beat Salem. This year, the Big Red looked strong at the first part of the year but faded when Roy Bloomberg and Harold Hill, two of the team's big guns, were lost through mid-year graduation.

Victories Few
Since then it has been a long season with only a few victories chalked up, and those far apart. They have registered wins over Youngstown East, one of the teams in the district which has lost but two contests, Girard, Niles, East Palestine and a few other minor schools. They have been defeated by Warren, Sebring, Sharon and several of the stronger Youngstown fives.

Don McPhee has been the stand-out of the quintet, continually racking up points even in defeat. Several times this season he has run over the 20-point-a-game mark. His stellar offensive play helped the Struthers outfit bag wins over Niles and Youngstown East, both of whom were favored to trip the Big Red. McPhee has scored about 200 points this season.

The team's latest effort was a performance against a tough Sharon (Pa.) aggregation, which they lost by a 40-13 count, while their last win was scored over a Girard five which gave the Quakers plenty of trouble.

Quakers Preparing
Coach Brown is preparing his Quakers for a tough battle, no matter how the teams look on paper. The locals will have to turn in a better performance tomorrow than they did against the Alliance Aviators here Tuesday night or the inspired Struthers lads will rack up a win.

As the situation stands, the game must be rated as a toss-up, despite the fact that the Quakers hold the much better record. The opponents have not been getting any worse while the Quakers have slipped badly in the last few battles.

In the preliminary, the Salem reserves will go after their 14th victory of the season against a good Struthers reserve outfit. Should they display the brand of ball they have been showing in their last few battles, they should have no trouble at all in scoring the win.

At home, the Salem frosh squad will entertain the Warren East Junior High to whom they lost at Warren by a 30-16 count. Tomorrow they will have the services of Walt Brian, who was out with a sprained ankle in the last encounter.

The game will start at 7:30. Varsity game time at Struthers is scheduled for 8:30.

(Salem News Feb. 12, 19 & 26, 1942)

The Pastime league resumed action last night at the Grate alleys after being idle three weeks because of the city tourney. The league-leading Citizens Ice team, evidently not bothered by the lay-off, blasted the Eagles three games straight to keep two games ahead of Albright's Jim Primm fared a 215 for the winners to take high game honors.

Albright's proved themselves equal to the pace set by the leaders by taking three from Hunt's. Charley Huffer clicked off a 211 his last game for the winners.

Jackson's and the Salem retained their respective positions in the race, shutting out the Strop in the first game of the year. Art Shinn's 208 was high in Jackson's win. Ted Detwiler rolled a 210 to pace the Labels while Clyde "Wink" Miller and Jim Jackson aided the cause considerably with a 201 and 202. Jackson had high series. Keith Harris hit a 220 his second game for the losers.

With Louis DeCrew showing the way with a 220, the Gold Bar copped the first game of their set with Penneys and then went on to win the other two by large margins.

"Turkey" Parsons blasted out a 224 the second game.

In the only other match, Loudon's shut out Sponseller's with C. Campbell leading the way with a 250.

The Salem News pulled a minor upset at the Masonic alleys last night as they topped the Ohio Edison. Paced by Mildred Kline's 201 and 504 series, the News won the first two and dropped the last one. Briggs rolled a 190 high for the losers.

With Helen Caldwell firing a 207, the Kresges five rolled to an easy three-game win over Brownies. The winners fired games of 64 and 619.

The Mullins team copped two from Ward's on the strength of Fred Orr's 213 her last game and her 553 series. They rolled an 801 total their last game.

Stark's blasted the pins for a two game win over the Bankerettes although no exceptionally high games were rolled. Teams retained their places in the standings.

WYATT UNSIGNED AS "BUMS" LEAVE FOR HAVANA CAMP

Seven Others Fail to Reach Salary Agreement; No Cuts Are Made

(By Associated Press)

MIAMI BEACH, Fla. — Free-

spending gave the Brooklyn Dod-

gers a National league pennant, can't

see the war as an excuse for cutting

baseball salaries.

While other clubs are reported

tightening their purse strings in

the face of the national emergency,

MacPhail said Brooklyn players

who earned salary raises will get

them.

"When a ball player comes to me

and starts talking about a con-

tract," the executive continued, "he

usually says he expects to have a

big year.

"I always tell him 'Brother, I

put out on the basis of what you

did last year.' I've said that all my

life. The player knows it.

"I may expect him to have a

good year, but I point out that if

he does he'll benefit the following

season.

"We had a good year. We won

the pennant and we brought a lot

of people into the ball park.

"It's up to us to give the players

what they are due, and take a shot

on taking in the money to pay

them.

As the Dodger players gathered

at Miami for a flight today to the

Havana training camp, eight still

"THURSDAY'S CHILD" by VERA BROWN

FROM THE OLD RHYME: "THURSDAY'S CHILD HAS FAR TO GO"

CHAPTER TWENTY-SEVEN

After Carol had gone, Sonny was strangely restless. She wondered if Carol thought Kirk's sudden attentions odd. And always she came back to Al. She must talk to him. But all her worries disappeared when Kirk came in the door, bringing her orchids.

He drew her into his arms. "I thought you might vanish before I got here!" Then he looked around at the room. "You darling! It's all right or, rather, much better. Anyway, I love it!"

The two of them lived in a fool's paradise for the next few days. Kirk cancelled all other social engagements. When Janice telephoned, he refused to meet her to discuss their situation. He considered it ended. She had issued an ultimatum and he had accepted it.

His father spoke to him once about Janice. "Her mother came to see me today, Kirk. She was pretty difficult."

"I suppose, if you want a reason for all this, she's it."

"Janice is a fine girl, Kirk. But I pointed out to her mother that, after all, it was between you two children." He added with a twinkle in his eye: "She seemed convinced there is another woman. Is there?"

"No, father. No other woman came between Janice and me." And Kirk felt he spoke truthfully.

"There's only one thing, I don't want her bothering your mother. I won't have that."

Kirk's voice was menacing: "If she does—"

"We just can't permit that. But tell your mother today."

Kirk promised he would, and he did.

Their last night together, Kirk gave Sonny a ring. It was a beautiful square-cut emerald.

"I had it made for your little finger. The day we can tell people we'll have it fitted properly."

"It's beautiful!" Sonny exclaimed with emotion.

The parting was hard, but Sonny made Kirk agree they would not see each other for a month.

"I have final exams. I do want to make good, Kirk."

He accepted her decision.

The weeks flew, for they were both busy.

Kirk telephoned Sonny several times each week. There were endless letters.

Only one person in all New York knew about the romance. That was Kirk's secretary, Elsa. She had sensed it that first day when she had gone with Sonny to select appropriate clothes for her first court appearance. And she wondered how it would all end.

Spring passed faster than Sonny and Kirk believed possible. And luckily for them, there was no gossip about them. The telephone calls and letters Sonny received did not go unnoticed by the girls at school, who were thrilled at any hint of a romance. But there was a general understanding that the boy friend was Al Corey. Sonny had often talked about him when she first came to school. They accepted that as a fact. And Sonny was content to hide behind that dubious protection.

The day a Broadway columnist hinted of a romance between the orchestra leader and Leslie, Kirk was all for beating up the newspaperman. But afterward, he and Sonny laughed about it. It was funny, he admitted. And it was just a paragraph. What did it matter?

That summer Sonny went to the coast with Mrs. Metzger as they planned. Kirk was to fly out in August, but Mrs. Hollister was so ill he could not leave New York. He telephoned Sonny frequently.

Carol wrote now and then, but she did not mention Al. That seemed to be over.

On Labor day, Sonny and Mrs. Metzger were on their way back from the coast.

"I wonder if Kirk will meet us?" Sonny said preparing the way for his appearance at the station.

"Probably. He's so kind to you."

"He's wonderful. I don't know what I would have done without him—and without you."

Mrs. Metzger smiled. "I think you can take care of yourself, Leslie. And she meant it."

When the train pulled in, Sonny was first up at the door. She saw Kirk and waved frantically.

The young couple were constrained, until they put Mrs. Metzger and her baggage into a cab for Pennsylvania station. She was going on to spend a month with her son in Washington before school opened. But no sooner were they in Kirk's car, than they were in each other's arms.

"Kirk, Kirk! I thought I was never going to see you again!"

"Darling!" he exclaimed. "I'm so glad you're home."

Back in Sonny's apartment, Kirk led her to the bedroom door, where a big envelope dangled on a pink ribbon.

"Read it, darling. It's from Carol."

The note, scribbled hurriedly, said:

"Darling, Welcome Home! When you go inside the door, you'll see your welcome-home present. I'm going to marry Dick Rockford this fall and I'm the happiest girl in the world. I'll tell you everything when I see you, Carol."

"Kirk, I'm so glad!"

"So are we all."

He opened the door.

Sonny stepped into the bedroom. Then she gasped. She saw a lovely room in white, decorated like Carol's at Hollister Hall. It was perfect! Just the room Sonny had hoped to have some day.

"How did she ever think of it, Kirk?"

He stood there beaming with pride.

"It was your idea, I know," Sonny insisted.

"No. Carol came down almost every week from the Cape to make sure things were going right."

She had forgotten nothing. On the dressing table, there were handsome cut glass bottles. The chaise longue had been done over to dull white satin.

Kirk put his arm about Sonny as he added: "She said to tell you it was to show you how much she loves you. You see? It isn't going to be so hard. Mother is much better than she has been since Tom went. As for myself, everybody can see the improvement in me. Being

in love is just what I needed."

"You were perfect always!"

Much as he hated to pull himself away, Kirk had to go to the office. Sonny was to meet him and Dick for luncheon. There were business matters to attend to, for she had been gone a long time.

Left alone, the girl stood in the middle of her new bedroom in silent admiration. She walked back and forth on the handsome white carpet, pleased as a child. Carol's thoughtfulness had touched her deeply. It seemed to bring her closer to the family.

And she and Kirk had all of September before them to be happy! Yes, the world was wonderful, she admitted. Kirk had been right.

At noon Sonny walked into Kirk's office. She wore a new fall frock, and Elsa, who had not seen her in a year, gasped. Never had Elsa seen a lovelier picture than the red-haired girl standing before her.

"They're waiting for you, Mrs. Hollister," she managed, but her undisguised admiration made Sonny's cheeks flush.

When the door of Kirk's office opened to admit Sonny, Dick jumped up, and opened his arms: "We're relatives now. I guess I rate a kiss!"

"Of course you do!" Sonny gave him a big one. "I'm so happy, Dick! You're my choice for Carol!"

Dick was delighted.

"See where I stand, Kirk?"

They got the business matters finished as soon as possible, and went off to their luncheon to talk of little else but Carol's and Dick's engagement.

"I have more trouble seeing her now than I did before we were engaged," Dick complained. "I never knew women had to have so many clothes. She spends most of her time having fittings. That's why she isn't here with us today." He added: "It's being announced tomorrow night. Such doings."

Kirk's face was shadowed as he said, "I wish you were going to be there, Sonny."

Dick said emphatically: "Some day she will be." And he went on eating his luncheon, completely unaware of how much his words meant to the other two. For it had never occurred to Dick that Kirk was interested in Sonny beyond his guardianship duties. That they were all fond of Sonny, he accepted as a fact, just as Carol did.

Dick's office phoned that Carol was there.

look in on. I'm picking Dick up at his office at five."

Sonny, watching her, was worried to meet Sonny at the apartment at 4. So Sonny did some shopping and hurried on home to the apartment. Carol was ahead of her, waiting impatiently. The girls rushed into each other's arms.

"I've only got a little while, Sonny. It just seems there isn't a minute to relax. We're having a family dinner tonight at home, and there's a cocktail party I've got to

ried. Carol was restless and tense, and much thinner. She went to the window and stood looking out into space.

"Is anything wrong, Carol?"

"No. She paused as though she had something she wanted to tell Sonny, then added: "I can never repay you for what you did for me."
